

Bowdoin College
Academic Year 2023 - 2024
Student Damage Policy
Revised 8/1/23

Student Damage

Students should report any room or furniture damage to the Facilities Department via the Work Order system (<https://www.bowdoin.edu/facilities/work-orders-services/submit-work-order.html>). The Facilities Department will review the damage, provide pricing for the repairs, and coordinate the work.

Life Safety Violations

The Facilities and Residential Life departments will conduct building and room inspections throughout the academic year noting any damage and/or life safety violations. Residential Life Staff will reach out to students regarding any life safety violations and students must address issues within a reasonable timeframe, otherwise fines will be levied.

Life Safety Violations/Student Damage	Fine	Estimated Repair Cost
Life safety policy violation	\$100	N/A
Fire door	\$100	\$929
